_____ Chamber of Commerce helps local economy by going mobile!

The _____ Chamber of commerce is now providing a mobile app (MyChamberApp) that helps consumers find discounts, events, and services offered by chamber of commerce members.

MCA provides maps, locations, phone numbers, websites, images, and even videos to help consumers make a shopping decision.

MyChamberApp is available to iPhone, iPod, Android and Blackberry users for Free (www.MyChamberApp.com/download).

_____ Chamber is one of the early adopters of this mobile technology; we are proudly serving our community and continue to help stimulate local commerce while supporting our members.
